

Roma Community included too!

- This leaflet is aimed at the Roma Community in Ireland. Lack of information and inaccessible services can be barriers between Roma and their human rights.
- The purpose of this leaflet is to inform the Roma Community of where they can go to get information and support from the community/voluntary sector. This leaflet is also to encourage more engagement by community/voluntary with the Roma community.
- The services listed below are for everybody. We welcome and encourage the Roma community to seek assistance from our information services.
